

# 10 LEVEL DIGITAL INDICATOR

This is a Liquid Level Indicator System which indicates 10 different levels of any liquid in Tanks:

- ✍ The system automatically indicates Liquid level in Underground sump / Storage tank.
- ✍ The different level indications are 10%, 20%, 30%, 40%, 50%, 60%, 70%, 80%, 90% and 100%.
- ✍ The system comes with 3 digit, 4 inch height big display for higher visibility from long distances.
- ✍ The system comes with user friendly cable terminations and wall mounting arrangements.
- ✍ When water level reaches 100% an audible Buzzer indication with Mute Facility.
- ✍ The system will also have Audible Buzzer for Low level, which can be selected at site.
- ✍ This system is based on AC voltage sensing technology for Water Tanks, hence the sensors non-corrosive and maintenance free.
- ✍ The Indication system is compatible for Stainless Steel Float type Level Sensor with Latch Type sensing technology which are also manufactured by our company. This is suitable for Industrial applications and bigger establishments with huge outdoor Overhead Storage Tanks.
- ✍ The system works with Single Phase 230V AC power supply and consumes very less power.
- ✍ This system is suitable for Commercial Establishments, Residential Apartments and Industries.
- ✍ The system comes with industrial grade electronic components and Powder Coated Enclosure.
- ✍ The System can be easily installed without any special knowledge or complex procedure.
- ✍ The system comes with the maintenance-free Level Sensors with AC signal sensing.
- ✍ The Level Indicator system comes with an **ONE Year Guarantee** against Manufacturing defects.
